AREA OF SPECIALIZATION: **APPLIED JURISPRUDENCE** (with emphasis on Criminal, Comparative, Cyber, Human Rights Laws, Legal Education and Research) (The idea of Jurisprudence here is not a repetition of the respective thoughts of individual scholars of Jurisprudence as a discipline. It is rather an applied use of the philosophical, rational and critical approach to some issues in the chosen legal areas of concern, namely, Criminal, Corporate, Comparative, Human Rights, Cyber laws, and Legal Education/ Research, in order to improve human development. It is, in short, a critical, methodological and philosophical study of law as an instrument of social engineering.
